

MANAGING MENTAL HEALTH IN THE WORKPLACE – MASTERCLASS

1-2 OCTOBER 2018 – AUCKLAND CBD

THIS MASTERCLASS IS DESIGNED TO SUPPORT LEADERS TO EFFECTIVELY AND CONFIDENTLY PROMOTE AND PROTECT MENTAL HEALTH IN THEIR WORKPLACE.

1 in 5 Kiwis will experience mental illness this year. This means that at any point in time, it is very likely people in your workplace are experiencing mental illness, with direct consequences to their wellbeing and productivity.

Research shows that:

- Work-related stress can place people at risk of developing mental illness and can also exacerbate existing symptoms of mental illness.
- Psychologically safe and healthy workplaces can enhance people's mental health or wellbeing and protect them from mental illness.
- For people with experience of mental illness, safe and supportive workplaces have been found to play an important role in recovery
- The return on investment in workplace mental health interventions is overwhelmingly positive, with an average ROI of 4.2 : 1 (Deloitte, 2017)

Join Umbrella's Managing Director Jacqui Maguire in this two-day masterclass, to enhance your capability and confidence in supporting your organisation to flourish, by promoting positive mental health as well as recognising and managing mental illness. Create a framework and language for talking about mental health that is empowering and proactive, instead of stigmatising and reactive.

INTRODUCING JACQUI MAGUIRE

Jacqui is a sought-after conference presenter and media contributor where she shares her thought leadership on enhancing organisational wellbeing, and protecting mental health in the workplace. Jacqui has an engaging and positive presentation style which enables her to present strong, cutting edge research while ensuring connection with her audiences.

As a clinical psychologist, Jacqui brings her scientific knowledge of wellbeing to life and is skilled at weaving this knowledge into practical applications for workshop participants. Jacqui has a strong track record of engaging a diverse range of people, including those who may be sceptical of the benefits of psychological interventions. Jacqui also receives consistently positive feedback from senior leadership teams who appreciate her ability to hold multiple organisational priorities alongside personal wellbeing development for people in senior roles.

“ I've attended a lot of workshops over the years. Jacqui was the best and most engaging presenter that I've ever come across. Hats off! ”

In her role as Managing Director, Jacqui works with Umbrella's key clients to understand the unique needs of their organisation and people. She then works collaboratively with stakeholders to develop tailored programmes to meet these needs and deliver measurable results. Jacqui also leads the Umbrella training facilitation team to ensure a high standard of excellence is maintained across every workshop and by every facilitator.

DAY 1 OBJECTIVES

1. Increase your knowledge about stress, mental health and mental illness
2. Debunk common myths about mental illness, and identify the impact of discrimination
3. Identify common signs of mental illness
4. Recognise factors that have either a positive or negative influence on people's mental health
5. Identify the causes of work-related stress and when stress turns into signs of something more serious
6. Learn a best-practice process on how to respond to suicide risk
7. Learn how to initiate and engage in compassionate conversations with colleagues you are concerned about (these conversations occur prior to leadership conversations)
8. Learn effective, practical strategies to strengthen mental health and wellbeing at work and in your life, to enable you to flourish.

DAY 2 OBJECTIVES

1. Increase knowledge about your duty of care to protect the mental health of your people
2. Understand how stress and mental illness can impact negatively on employee productivity and wellbeing
3. Identify key principles alongside a best practice process for effectively managing mental health in the workplace
4. Learn and practice how to plan and carry out effective leadership conversations when concerned about a team member's mental health. This includes when people become tearful, or don't want to engage in conversation
5. Discuss how to integrate wellbeing conversations as part of your leadership BAU
6. Highlight intervention and support strategies
7. Identify what stops people from engaging in support, and how to overcome these hurdles
8. Identify the key factors that determine psychologically healthy workplaces

THIS MASTERCLASS WOULD BENEFIT:

- Executive Managers and Directors
- People and Culture Managers
- Human Resources Managers, Directors and GMs
- Health and Safety Managers / Directors
- People Leaders
- Human Resources Business Partners

Places are limited.

“ I Highly recommend. This workshop gave me confidence when supporting people experiencing mental illness in the workplace, including stress and anxiety. ”

“ Excellent content. Very relevant, addressing the real challenges that occur when supporting our people. ”
